CPYRGHT

Vol. 10, No. 2

April/May 1983

The Norfolk Department of Community Facilities manages and maintains the city's showcases for meetings, entertainment and cultural attractions. Its biggest charge is the Scope complex, a major cultural and convention center which features

circuses and basketball tournaments to rock concerts and trade shows. The Virginia Philharmonic Orchestra and hit Broadway plays are among the performances at Chrysler Hall.

Metropolitan Memorial Park, home of the professional Tides baseball team and scene of most local high school football games. The MacArthur Memorial, one of the city's most popular tourist attractions, is another of the department's charges.
